June 25, 2012

Dear Denali Commission,

It was a good experience at NCI PD II this year.

The training session were very helpful and educational; I was able to learn new things and get a refresher on some other things to bring back to my job as the City Clerk that will enhance my job; and also dealing with the customers on day to day basis, also with my co-workers on and off the job.

Thanks for the opportunity for allowing me to attend this training; I really appreciate being able to attend NCI PD II this year.

Sincerely,

Lena Gravelle,  
City of Egegik,  
City Clerk
